CORPORATE OFFICERS

Reno Contracting has built facilities that rival the most advanced in the country—we know that the success of our team is built upon the combined achievements of its individuals.

MATTHEW J. RENO
Founder / Chief Executive Officer

Matt earned his Bachelor's degree in Business Administration from the University of San Diego while he worked as an apprentice and journeyman carpenter. Reno Contracting, Inc. first started as a partnership called MQ Construction, but in May 1993, the firm's name took its present form. As Founder/CEO owner of Reno Contracting, Inc., Matt originally focused on specializing in concrete tilt-up construction and the company has since expanded to multi-story, steel-frame buildings, complex tenant improvements and laboratory facilities. Since 1993, the company has developed strong industry relationships and a loyal client base, which includes The Blackmore Company, Kilroy Realty Corporation, Cisterra Development, Sudberry Properties, Marriott Hotels, and ResMed among many others.

Philanthropic endeavors are important to Matt and Reno Contracting, so he gives generously to his favorite local charities: The Warrior Foundation, Big Brothers and Sisters of San Diego County, Navy League/Homefront San Diego, YMCA of San Diego, American Heart Association, Child Abuse Prevention Foundation, Armed Services YMCA, Multi-Cultural Contractors Association and many others. The Annual Reno Contracting Charity Golf Tournament raises money for the "Warrior Foundation" helping the wounded military coming back from Iraq and Afghanistan.

Matt is a devoted father of two children, has been the coach and biggest fan of his children's sports endeavors, and enjoys fishing, hunting and traveling with the family. His personal philosophy is, "You need to figure out what you want to be and then be the best at it."

WALTER J. FEGLEY
President

Born and raised in the greater Philadelphia area, Walt attended Kutztown State College and Delaware Community College. After a brief time in Real Estate and Insurance sales, Walt moved his focus to construction in 1971. He relocated to Colorado in 1973 where he worked full time for a commercial masonry / concrete contractor and established Fegley Masonry and Concrete, which became a full time & successful business. In 1976, Walt joined the Peace Corps, and went to Ouagadougou, Burkina Faso (in 1976 was called Upper Volta), West Africa. He trained construction craftsmen, and formed teams to build teacher housing and agricultural schools in remote and challenged rural villages.

In 1979, Walt was hired as the Assistant Director for a countrywide school construction program for World Bank Education Project. Offered the position of Director of that program in 1982, he opted to return to the U.S. and moved to San Diego shortly thereafter. In 1985 Walt's career focus changed. He returned to school, attending Mui Technical College, for Computerized Estimating and Construction Management and in mid 1987, he resumed his construction career. In 1989, Walt joined Matt Reno, the new managing partner and co-owner of MQ Construction, as Project Manager/Estimator and in 1993 continued with Matt to assist in the establishment of Reno Contracting, Inc. Walt has been President of Reno Contracting since 2003, overseeing the company's day to day and strategic operations. Reno Contracting, Inc. has completed over \$1.4 billion in construction since 2000, primarily build-to-suit negotiated work with repeat clients, and has garnered numerous awards for their work and people. Reno is 53% ESOP, and enjoys the reputation of an industry leader in Southern California construction.

Walt has been a member of the American Society of Professional Estimators, having served on the board of directors. Walt is on the board of the East County YMCA, and has been a supporter of the Y for many years. He is on the Board of Directors for the Associated General Contractors (AGC), San Diego Chapter for a five year period and is chair of the AGC Environmental Stewardship Committee. Walt is a LEED Accredited Professional and in 2009 established Reno Contracting E(fficient) S(ustainable) P(ractices) to focus Reno's client services and success in the new Sustainable Economy. He enjoys the Martial Art of Tang Soo Do, hunting, fishing, and playing blues guitar. He is grateful for all of the wonderful life opportunities he has had, and his family - Carole his wife, and their children, Julia and Ryan, is his greatest blessing.
